

High Stakes Poker

If you like watching poker on TV, High Stakes Poker is a show you can't miss. The truth is that High Stakes Poker is one of the best poker shows on TV. It's all about real high rollers, both pros and amateurs playing cash games for real cash.

Someone came up with the idea to round up the biggest of the pros and a few hot shot amateurs for the biggest high stakes poker on the air. The environment is much more relaxed, in the sense that the players act less and play more, than on other shows like WPT and similar. The play on the other hand is extremely intense, you get to see Phil Hellmuth picking fights, you get to see Gus Hansen and Daniel Negreanu in the biggest hand you have ever seen. High Stakes Poker is something that you really don't want to miss.
